

SISSA
40!

PhD Programs Functional and Structural Genomics and JUMBO

First Year Courses – May/June 2019

Monday 6 May – Room 004

10:00-13:00 Genomics and transcriptomics data analysis
14:00-18:00 Genomics and transcriptomics data analysis

Tuesday 7 May – Room 132

10:00-13:00 Genomics and transcriptomics data analysis
14:00-18:00 Genomics and transcriptomics data analysis

Wednesday 8 May – Room 132

10:00-13:00 Genomics and transcriptomics data analysis
14:00-18:00 Genomics and transcriptomics data analysis

Thursday 9 May – Room 004

10:00-13:00 Genomics and transcriptomics data analysis
14:00-18:00 Genomics and transcriptomics data analysis

Friday 10 May – Room 132

10:00-13:00 Genomics and transcriptomics data analysis
14:00-18:00 Genomics and transcriptomics data analysis

Monday 20 May – Room 004

09:00-13:00 Association Analysis in Populations and Diseases

Tuesday 21 May – Room 005

09:00-13:00 Association Analysis in Populations and Diseases

Wednesday 22 May – Room 005

09:00-13:00 Association Analysis in Populations and Diseases

Thursday 23 May – Room 005

09:00-13:00 Association Analysis in Populations and Diseases

Friday 24 May – Room 005

09:00-13:00 Association Analysis in Populations and Diseases

Monday 24 June – Room 004

09:00-12:00 Introduction to statistical data analysis
14:00-17:00 Introduction to statistical data analysis

Tuesday 25 June – Room 004

09:00-12:00 Introduction to statistical data analysis
14:00-17:00 Introduction to statistical data analysis

Wednesday 26 June – Room 004

09:00-12:00 Introduction to statistical data analysis
14:00-17:00 Introduction to statistical data analysis

Professors

Mara Bernardi	Introduction to statistical data analysis
Pio D'Adamo	Association analysis in populations and diseases
Alessandro Laio	Introduction to statistical data analysis
Remo Sanges	Genomics and transcriptomics data analysis

Courses will be held in SISSA - main building

The SISSA campus is located in Opicina (Trieste), in [Via Bonomea 265](#). It can easily be reached via public transportation using the bus 38 leaving from [Via Galatti](#) (near Piazza Oberdan).
